

# Abdominal Therapy For Professionals Part One

ABDOMINAL  
THERAPY  
COLLECTIVE

## August 23-26, 2022 / Port Townsend, WA with Amy Colo, CPM LMT

Open to all with a license to touch. This course is especially valuable for practitioners specializing in **Women's Health, Digestive Support, Men's Health**

Demand for Abdominal Therapy is growing all the time. Learn the **complete abdominal protocol** and help your clients heal from *painful periods, fertility challenges, digestive difficulties, prostate problems*, and more. Support them further with Rainforest Herbal Remedies, Perineal Steams, Castor Oil Packs and the traditional belly wrap of Central America. **28 Credit Hours for NCBTMB**

In addition to gathering valuable tools for your clients, you'll personally experience the power of these techniques through self-massage, meditation and self-focused inquiry.
