At the [Niwot Healing Dome](#)

Improve the effectiveness of your Abdominal Therapy sessions with this unique protocol. Working the lower back, hips and sacrum, balancing the pelvis and supporting the function of the abdominal organs, ATP2 completes the treatment.

If you enjoyed ATP1, we've got so much more for you! ATP2 is less theory, more hands-on practice. Come enjoy four more days of transformative bodywork and time for *you*. You'll leave refreshed, inspired and confident with your new skills.

Tuition: \$925 for ATC members
